

Sales ALERT Bulletin

DS1200-3 HANDLE CHANGE

To: Emerson Network Power KA&D Sales Channel

From: Chris Jones

Subject: DS1200-3 Handle Enhancement

Date: 2 December 2009

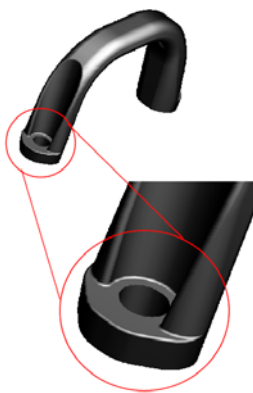

Please note the following change is a Design Enhancement Only and does not effect Form Fit or Function

The mounting scheme using the plastic handle with a Chamfered design for countersunk screw has been replaced with a non-Chamfered design using Pan Head screws. This new design reduces stress on the handle. See attached illustration below showing the difference.

EXISTING DESIGN

NEW DESIGN
