REACH: Registration, Evaluation, Authorization and Restriction of Chemicals
Regulation (EC) No. 1907/2006

REACH is the European Union’s chemical substances regulatory framework.

UltraVolt, an Advanced Energy company, does not produce chemical substances or mixtures but does manufacture electronic components that might contain REACH substances in parts of the final product.

Article 33 of REACH requires manufacturers to inform customers of Substances of Very High Concern (SVHCs), when contained in component parts of their product at concentrations above 0.1% by weight. The REACH Candidate List of SVHCs in Annex XIV is published online by the European Chemical Agency (ECHA). Sufficient SVHC information must be provided to the customer to allow for safe use.

Based on information from component part manufacturers, suppliers, third-party databases, and review of each individual component part within this product, UltraVolt, an Advanced Energy company discloses the following:
